Mondays - Fridays

2 Days\* @ 3 hours per session

3 Days\* @ 2-3 hours per session

4 Days\* @ 3 hours per session

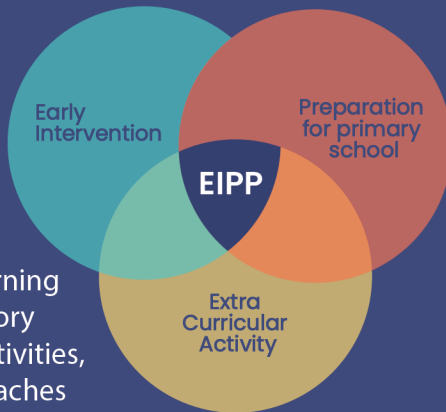

*\*Days recommended depending on assessment of child during interview.*

## Getting ready for primary school!

Our Early Intervention Preparatory Programme (EIPP) offers a holistic learning experience through sensory and movement-based activities, and child-initiated approaches that aims to empower our young learners to thrive academically and emotionally.

Through our comprehensive curriculum and personalised support, we ignite their passion for learning, nurture their curiosity, and unlock their full learning potential. By exposing them to diverse learning domains, we expand their perspectives, and enhance their understanding - all to prepare them for a successful transition to primary school.

**79%** of our students successfully secured a placement in an MOE SPED school. We can assist your child to be one of them through these learning domains:

- Cognitive Development
- Numeracy & Literacy Skills
- Social & Emotional Development
- Fine & Gross Motor Skills
- Sensory Integration
- Communication & Language Development
- Independence & Self-Help Skills
- Play & Imagination
- Parent & Caregiver Involvement
- Individualized Support & Progress Monitoring
- Activities of Daily Living (ADL)

### Extra Curricular Activities

Visual Arts

Indoor & Outdoor Sports

Performing Arts
